SUMMARY

Computer Science graduate with experience in full-stack development (Angular, Java, MySQL, MongoDB). Proficient in version control (Git) and problem-solving. Seeking a Software Developer role to apply technical skills and contribute to innovative projects.

WORK EXPERIENCE

Amithz Techno Solutions

Feb 2023 - May 2023

Software Developer Intern

Madurai, India

- Collaborated with cross-functional teams, integrating API endpoints for property searching and filtering.
- Utilized Git for version control to enhance collaboration and manage project timelines.

PROJECTS

Property Management System (Angular, MongoDB, Fastify)

- Tech Stack: Angular, Fastify (Node.js), MongoDB, REST APIs
- Designed and developed a property management system for managing property listings using Angular for the front-end and Fastify with MongoDB for the back-end.
- Built backend with Fastify to handle high-performance RESTful API requests for CRUD operations on property data.
- Integrated MongoDB to store property details, ensuring scalable, flexible data storage with fast querying.
- Implemented search and filter functionalities by integrating API endpoints.

E-commerce Website (Angular, Java, MySQL)

- Tech Stack: Angular, Java (Spring Boot), MySQL, REST APIs, Bootstrap
- Developed a full-stack e-commerce platform with Angular for the front-end and Java with MySQL for the back-end.
- Features included user authentication, product catalog, shopping cart, and order management.
- Integrated REST APIs to handle user login, order processing, and product management.

Online Library Management System (Java, JDBC, PostgreSQL, JSP, Servlets)

- Tech Stack: Java, JDBC, PostgreSQL, JSP, Servlets
- Designed and developed a Library Management System to manage books, users, and book loans.
- Built backend using Java Servlets to handle HTTP requests and JDBC for database connectivity with PostgreSQL.
- Designed and optimized PostgreSQL database schema for storing book details, user information, and loan records.
- Implemented CRUD operations for managing books, users, and loans, ensuring efficient query execution with PostgreSQL.

EDUCATION

Subbalakshmi Lakshmipathy College of Science-Madurai

Jun 2020 - May 2023

BACHELOR OF SCIENCE, COMPUTER SCIENCE (CGPA - 8.13/10)

Madurai

- Achievements: Recognized for obtaining various Microsoft certifications, demonstrating excellence in technical skills and dedication to continuous learning.

SKILLS

- **Language:** Java, SQL
- **Web Development:** Angular, HTML5, CSS, Bootstrap
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Concepts:** Object-Oriented Programming, Data Structures & Algorithms, Problem Solving

ACHIEVEMENTS

LeetCode Problem-Solving Proficiency

- Solved 600+ problems on LeetCode, showcasing advanced problem-solving skills in algorithms and data structures. Ranked in the top 25% globally on LeetCode with a current rank of 77,628.
